A LIMITED amount of Bellaire mill stock, says the *Independent*, is offered at \$1.15.

KILMER's band went to Stenbuhl's last night to play for a party in that town. The cool nights have a tendency to increase the number of lodgers at the city prison.

MARY ZIMMERMAN, an old offender, was locked up for drunkenness by Officer Price yesterday evening.

Prof. JOSEPH KIRK, one of the handsomest steamboats on the Ohio, is once more at his post on the Duquesne.

The Cooper Shop of Hubbard & Co., on the South side, is closed at present on account of security of hoops. Work will be resumed in a day or so.

A MEETING of the members of the Central Temperance reading room, will be held this evening in their rooms at Old's Hall, at 7 o'clock. All interested are especially requested to be present. A DAUGHTER of Hugh Flynn, who lives in the Eighth ward, was burned in a terrible manner last night. She went too near the fire, and her clothes ignited she ran into the street and was soon enveloped in flames. Her pitiful cries attracted a number of persons to her relief, but no one could save her. She was nearly burned to death. Her injuries are of a serious and possibly a fatal nature.

ANNOUNCEMENT.—Pike's Coney Company.

Pike's Opera House, Cincinnati Enquirer, October 12th, 1880. Play goes are to be treated this week with a new attraction in this city called "A Gentleman from Nevada." It was produced for the first time at Pike's Opera House, Cincinnati, and has been a large and thoroughly delighted audience. Not very often has a new comedy made such a hit in Cincinnati as did this one. Mr. J. B. Polk, who assumes the title role, is a comedian of known ability, and his new character seems well adapted to his fine, humorous powers. He is supported by an unusually fine company. The leading lady Miss Emma Pierce, several years ago, made herself a prime favorite in this city when she played leading roles in the "Pineapple" and "The Girl of the Year." She is a thoroughly competent and reliable actress. The comedy is a thoroughly delightful piece of comedy, and is well adapted to the stage. The comedy is a thoroughly delightful piece of comedy, and is well adapted to the stage.

PERSONAL PICKUPS.—Mr. James Hamilton, the gentlemanly agent of the Alice Oates Combination, deserves considerable notice at the hands of our citizens. Va., and gave a benefit for our sufferers, the proceeds of which were promptly forwarded to the Benevolent Association of this city.

Mr. Robert Frazier, of this county, who has been out for some time, returned home yesterday. Mr. Frazier will engage in business in this city.

The receipts were consequently greater than on the previous evenings, and the social enjoyment was enhanced in all particular. Mrs. Samuel H. Amick had charge of the supper table, with Miss Jennie Bone, and Miss Susie Walker, as aids, together with a number of others. Miss Josie Charnock had charge of the fancy table. Mrs. Amick presided over the gift tree. Miss Eda Amick, Kiley Combs and Anna Bigelow over the ice cream table, and S. N. Hirst over the candy table. REAL ESTATE AND BUILDING TRADES.

With Prominent Speculators and Builders.

What Has Been Done in this City During a Year and What the Prospects are for Another.

During the last two or three days an INTELLIGENCER reporter has been quietly at work with real estate agents, bankers, builders and contractors generally, ascertaining their ideas upon the season just passed as viewed from their respective standpoints, and also as to their prospects for the season that will succeed this one.

From one and all of them came the same story of "a good year" and good prospects for the future. One banker was not altogether pleased with the status of things, but his displeasure might be called selfish. "Mills and factories and many individuals generally, are not borrowing money from the banks, and we did awhile ago. Too many of these factories and individuals are paying cash, and that don't suit banks or brokers." Real estate agents are very hopeful, and all are confident that there will be an advance in prices. Real estate will be advanced over last year's, but it is thought that such advance will be small. There has been a large number of houses, and some very substantial business blocks erected during the present year, and the architects think the indications favorable for a still greater number next year.

REAL ESTATE TALK.

One of the oldest and most reliable real estate dealers in the city said, "Why since the election there are many inquirers for desirable real estate. It is true there has not a great deal changed hands as yet, but in my judgment the indications all point that way. I never saw greater confidence at any time in the city as to the ability of the banks. Banks are looking up, stocks firm and securities that were below par two weeks and a month ago are now at par, and looking up above that. It is all due to the election," said our informant as we turned to leave.

ANOTHER ONE.

"There is not the slightest perceptible difference in values, that I can notice," remarked one of our brightest and most prominent real estate agents and brokers in securities, "but it is my opinion, and I have had a great deal of experience in this line, that the indications all point that way. I never saw greater confidence at any time in the city as to the ability of the banks. Banks are looking up, stocks firm and securities that were below par two weeks and a month ago are now at par, and looking up above that. It is all due to the election," said our informant as we turned to leave.

covered with a self supporting roof constructed from designs furnished by Mr. Hamilton, of J. A. Holliday, and under the supervision of Mr. Ed Miller, building superintendent of the concern. The roof was finished in the last week of the year, and most complete in the city.

MR. J. D. McADDEN, contractor and builder, has all he can do at present, he says, and thinks the prospects are good for the future. At present he has on hands the M. E. paragon on Chapline street, above Twelfth; the Ogley buildings at Bridgeport, a magnificent new hotel and storehouse at Washington, Pa., which are being built by James Antio, Esq.; he has just finished making some changes and very material repairs to the Parker block, lately purchased by H. K. List and made to conform with the other buildings on Main street, below Fourteenth. Mr. McAdden is also doing the work on the repairs to the Washington House, and the residence of Col. R. M. Deleplaine on Chapline street.

ARMSTRONG, COEN & CO.

are contractors and builders on a large scale, and during the season just past have done a large amount of work. Among the most prominent of their buildings we noticed a large business block on Market street, near Eleventh, just finished for Christian Heas, Esq.; two large tenement houses on Fifteenth street, for Joseph Bodley; two large brick tenements on Virginia street, for Alex. Coen; a large and beautiful frame dwelling at the upper end of the Island for Capt. J. M. Prince; two elegant dwelling houses on South York street for Martin Thornton; a frame dwelling for W. H. Chambers, besides several smaller houses in various quarters of the city. Mr. Coen, of the firm, says there is a different demand for real estate, and he expects to see a large demand for it very soon.

JOSEPH BODLEY, Esq.,

Mr. Bodley, a well known contractor and builder, has not been actively engaged in business for two or three years, but has kept his eye on building interests nevertheless. Said he: "The prices for building are higher this year than they were last year. I think they are fully thirty per cent higher. One reason of this is the very scarcity of labor, and another, the advance in material. All the materials entering into the building have increased in price—brick especially so. Brick have advanced fully thirty per cent, and they are now about all used up. I have noticed that you can't get a load of brick for less than \$1.50 per thousand, and they have been principally residences. The business houses are likewise of a better character. Real estate is more valuable, improvements in Wheeling are on the advance, and the future looks more promising than it has for years."

THE BELLAIRE TELEPHONE EXCHANGE.

Subscribers enough have been secured for the telephone exchange here to be in telephone communication with Benwood, Wheeling, Bridgeport, and Martin's Ferry at their will, to make its establishment a fixed fact. The central office of the local exchange will be in the building association rooms, upstairs in Cowen Street between Eleventh and Twelfth, on the street intersecting these streets, instead of as far as they were, and prices of going back, there is a marked tendency upward. Suburban improvements are being made in the country, and a marked tendency upward. Suburban improvements are being made in the country, and a marked tendency upward.

Another gentleman, a prominent holder in this county, and a shrewd dealer in real estate, said: "The value of real estate is governed altogether by locality. Property in the Second, Third and in a part of the Fourth, and in the Seventh ward is good at any time and in all seasons. There is a great deal of money held by banks and Building Associations at present and this in my opinion will be absorbed by real estate investments."

ALEXANDER BONE, Esq., said there has been a falling off in rents for a few months back; that is, tenants have been complaining that rents are too high, and generally, landlords have reduced a little on account of these complaints. "If you ask the prospects for the future I will say that I have orders to advance rents. The reason of this is the great demand for houses and their scarcity. This demand, I may also say, is for small houses, say from three to five rooms. There is a great deal of money held by banks and Building Associations at present and this in my opinion will be absorbed by real estate investments."

BELLAIRE BRIEFS.

The Presbyterian congregational meeting, Wednesday evening, called by Rev. Gaston, for the purpose of uniting with him in asking the Presbytery to release him from his charge here, did not agree to that. Three commissioners were appointed to go to the Presbytery and present the wishes of the congregation to retain Mr. Gaston. A guarantee has been received that his salary will be increased from \$1,000 to \$1,500.

Shannon Archer and Michael Linky have at length been confined by Constable Jacob O. Smith, and it is not claimed by many that the whole of our State militia should be disbanded because there does not seem to be any use for it. Company D will give an entertainment soon. Considerable money was spent on the old army and no change makes the improvements useless.

BRIDGEPORT BRIEFS.

Picked Up by an Intelligence Reporter.

Houses are scarce and rents high in Bridgeport.

Mr. Vincent Mitchell has just finished a fine double tenement house on Morgan street.

A large force of workmen are employed on Ogley's new business block. It is the intention of Mr. Ogley to complete this building before spring.

Mr. J. H. West, a well known druggist of this place, has sold out to Wells & Dent, and intends removing to the West.

The Cleveland and Pittsburgh railroad office at Bridgeport has been connected with the Wheeling telephone exchange.

Mr. N. K. Kuntz has a very comfortable stable near his residence in Kirkwood.

Little Loyal Springer, son of Loyal Springer, is slowly recovering from a severe attack of scarlet fever.

The Cleveland, Tuscarawas Valley and Wheeling Railroad Company is making a fill under their new freight depot.

Andrew Cunningham, son of John Cunningham, was bitten on the left leg by a cross dog, Tuesday. The wound is not serious, and Andrew will probably be able to be out in a few days.

Why Will You

Allow a cold to advance in your system and thus encourage more serious maladies, such as Pneumonia, Hemorrhages and Lung troubles when an immediate relief can be so readily attained? Boecher's German Balm has gained the largest sale in the world for the cure of Croup, Whooping Cough, Sore Throat, Itch, and all the ailments of the young and old, as well as the aged. It is Dr. Boecher's famous German prescription, and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as well as the aged. The sale of this medicine is unprecedented since first introduced there has been a constant demand for it, and it is a single report of a failure to do its work in any case. Ask your Druggist as to the truth of these remarks. Large size 75 cents. Try it and be convinced.

ADDITIONAL TELEGRAPH.

Burpen, member of the Church of the Latter Day Saints, protesting against the production in this city of the play, "One Hundred Wives." The Insane Asylum Fire.

St. Paul, Minn., November 18.—A special from St. Peter to the *Pioneer Press*, says: "Thomas O'Neill, of Ramsey county, John Negahib, of Taylor's Falls, and Frederick Leclerc, of Rice county, died this morning from the effects of inhaling smoke, and exhaustion, at the Asylum fire.
